Kelly Reynolds Honored with “Chairman’s MILLION DOLLAR CIRCLE” Award at Electromed, Inc.

NEW PRAGUE, MINNESOTA, January 28, 2010 – Kelly Reynolds, RRT, RCP, is the Clinical Area Manager for the Ohio, Michigan, Indiana, Kentucky geographies and has recently been honored with the “**Chairman’s Million Dollar Circle Award**” at Electromed, Inc. This award was created to honor employees whose efforts have generated sales greater than \$1M in one calendar year. Incumbent with this award, Kelly will also be invited to participate in a “Chairman’s Annual Conference” in the future. Each year the Chairman will designate a “Distinguished Fellow” who will serve as the “Presiding Leader of the Circle.” That “Distinguished Fellow” for Calendar Year 2009 is Kelly Reynolds.

In response to her accomplishment, Kelly stated that "I am humbled by this award. It is easy to work for Electromed, Incorporated because we have proven that we are genuine in our product and our services that we provide to the patients and the clients. I really believe in what I sell. I love to see the positive responses from the patients that we help. When I promise something to a contact, I have the confidence to know that I have support from the ‘home office’. The more successful I am means the more families I’ve been able to help.”

Kelly has been in Electromed’s employ from 2004. During her tenure, she was also presented with the 2009 Award of Excellence as well as the 2008 Sales Leader. She has achieved sales in excess of \$1M for the past 3 years. Prior to joining Electromed, Inc., Kelly worked in the Respiratory Therapy field in a myriad of positions through various settings.

Electromed Inc. is the innovative leader in the development, manufacturing, and worldwide sales of the SmartVest® Airway Clearance System, a patented medical device that uses High Frequency Chest Wall Oscillation (HFCWO) to provide Chest Physiotherapy (CPT). HFCWO has been proven to clear the lungs of excess mucus and improve lung drainage, thereby reducing lung infections. Electromed, Inc., the first to provide a portable, programmable, and multi-positional operating system, takes pride in claiming its place as the "Innovative Leader in Airway Clearance."

For more information on the SmartVest® Airway Clearance System or HFCWO therapy, contact Electromed, Inc. at info@electromed.com or 800-462-1045 or visit www.electromed.com.
